

How has the fund performed ?

This section tells you how the fund has performed over the past 08 years. The returns are after all fees and expenses have been deducted.

Year-by-year returns

This chart shows how the fund has performed over the past 07 completed calendar years and the Year to Date return for 2020. The fund dropped in value in 2016 and 2018. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

*The Year to Date (YTD) return for 2012 has been calculated for the period from 02 May 2012 to 31 December, 2012.

**Benchmark for the VEF is the total return on the S&P Sri Lanka 20 Index, it seeks to capture the performance of 20 of the largest and most liquid companies in the Sri Lankan equity market

***The Year to Date (YTD) for 2020 shows the return as at January 31, 2020 (non-annualized)

Best and worst 03-month returns

This table shows the best and worst returns of the fund in a 03-month period (non annualized return) since inception. The best and worst 03-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Benchmark*	Return	3 months ending	If you invested LKR 1 million at the beginning of the 03-month period (excluding any front-end fees)
Best Return	14.88%	21.41%	30 September 2014	Your investment would rise to LKR 1,214,069.68
Worst Return	-11.50%	-10.85%	29 March 2019	Your investment would drop to LKR 891,490.86
Current Return	-4.06%	-0.03%	31 January 2020	Your investment would fall to LKR 999,660.52

*Benchmark for the VEF is the total return on the S&P Sri Lanka 20 Index, it seeks to capture the performance of 20 of the largest and most liquid companies in the Sri Lankan equity market

The **annual compounded return** of the fund (since inception) is 8.71% as at 31 January 2020. This return describes the rate at which the fund would have grown if it had grown at a steady rate.

If you had invested LKR 1 million in the value equity fund as at inception, your investment would now be worth LKR 1.9 million (excluding any front-end fees) as at 31 January 2020.

Who is this fund for ?

The Fund may be suitable for medium to long term investors who:

- Want to invest in the Sri Lankan share market at a sensible price.
- Desire equity exposure to be based after analysis of the companies rather than short term trading.
- Are willing to accept moderate to high level of risk.

A word about tax

The tax exemption status on capital gains on listed equities applies to the fund and thereafter to investors in the fund.

The Dividend tax of 14% applicable to the fund is considered as having been applied for investors.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell units.

The unit holder pays some of these expenses directly. Others are payable by the fund, which reduces the value of the investments in the fund.

Sales charges (Front end fee)

A 2% sales charge is applied at the time of the purchase which is deducted from the investment amount and as a result lowers the size of the investment.

Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As of December 31, 2019, the fund's total expense ratio was 1.61%.

The breakdown of the fund's expenses are given below.

Management & Trustee fees

01 Year early exit fee

A 2% sales charge is applied at the time of the purchase which is deducted from the investment amount and as a result lowers the size of the investment.
